Newly submitted claims 1-10 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Applicant had elected the original claims 1-10 (dye;genus) without traverse and the amended claims are a part of non-elected original claims 11-19 (dye;species).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-10 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
